

# Protein Synthesis Solutions

## High-Performance Wheat Germ Cell-Free Expression System

### Advantages

- Proven technology with high success rate for proteins from a wide range of organisms.*
- Easy to set up, fast and scalable reaction formats, full automation possible.*
- Dedicated reagents for expression of His-tagged and GST-tagged proteins.*
- Dedicated amino acid-free reagents for protein labeling, e.g. NMR, MS, and NSAA incorporation.*
- Dedicated reagents for expression of membrane proteins as proteoliposomes.*
- Key applications in antigen preparation, difficult-to-express proteins, screening assays, protein arrays.*

## Protein Expression Reagents and Instruments

### Template Preparation

pEU vectors  
His-tag set  
GST-tag set  
Flag-tag set  
Split-PCR primers

### mRNA Expression

SP6 RNA polymerase  
RNase inhibitor  
NTP mix  
Reaction buffer

### Protein Expression

WEPRO7240S/G/H  
Reaction buffer  
Proteoliposome kit  
[<sup>13</sup>C,<sup>15</sup>N]-L-lys [<sup>13</sup>C,<sup>15</sup>N]-L-arg labeling kit  
Protein expression kits

### Protomist® DTII / DTII-S

#### Medium Scale Synthesis

Transcription, translation, and purification (6 mL scale)  
6 proteins/run up to ~500 µg of purified protein 30 hr run  
24 proteins/run up to ~200 µg crude protein 24 hr run  
(Data for GFP expression)

### Protomist® XE

#### Large Scale Production

Translation only  
~10 mg/ml crude protein 24hr run  
~10 to 100 ml reaction scale  
(Data for GFP expression)

## Protein Synthesis Services

- Template preparation: PCR, cloning, and gene synthesis.*
- Protein expression: different reaction scales from test expression to mg scale.*
- Fast turnaround time and option to use of automated platforms.*

euriso-top

CFS protein-expression reagents and kits are distributed in North America by Cambridge Isotope Laboratories, Inc. (CIL) and in Europe by Euriso-Top, SAS.

To contact CIL, please send an email to your local sales representative or [cilsales@isotope.com](mailto:cilsales@isotope.com).

To contact Euriso-Top, please send an email to [sales@eurisotop.com](mailto:sales@eurisotop.com).
